15.30 – 17.00: **Breakout sessions: selected focus areas**

Delegations distribute across the three sessions

Breakout 1:

Prevalence of malnutrition in the community: brainstorm research model and participation ONCA countries

Cornel Sieber, Friederich-Alexander Universität, Erlangen-Nürnberg and Annemarie Perl, University of Graz, chairs

- Introduction of the study by Annemarie Perl and Cornel Sieber
- Presentation of the current status by Annemarie
- Feedback by two expert referents
- Q&A for the delegates
- Key issues for the brainstorm on how to proceed:

Content of the study

Collaboration with ONCA countries

What outcomes can we expect next?

How do we organize the participation by the ONCA countries to make outcomes country-specific?

How do we finance next steps?

Breakout 2:

Patient versions of clinical nutrition guidelines

15.30

Welcome

Cees Smit, Patients Network for Medical Research and Health

15.35

Panel presentations:

'Clinical Nutrition Guidelines and Summaries for Patients'

Katie Gallagher, Policy Adviser, European Patient's Forum (EPF), Belgium

'ESPEN Project on the dissemination of existing clinical practice guidelines and guidelines for patients'

Cristina Cuerda, Guideline Officer, European Society for Clinical Nutrition and Metabolism (ESPEN), Nutrition Unit, Hospital General Universitario Gregorio Marañón, Madrid, Spain

'Co-creation of lay versions of clinical nutrition guidelines - PIINT UK's cooperation with BAPEN'

Carolyn Wheatley, Chair, Patients on Intravenous and Naso-gastric Nutrition Treatment (PINNT), UK

'The ECPC initiative and collaboration with academic societies in producing patient guidelines'

Isabelle Manneh, Head of Health and Research Programmes, European Cancer Patient Coalition, (ECPC), Belgium

Q&A: Immediate questions for clarification will be taken following each presentation

16.25

Open discussion with the audience

Moderated by Cees Smit, Patients Network for Medical Research and Health (EGAN) and Katie Gallagher, European Patients' Forum (EPF)

Comments from the audience

Questions for the audience for discussion:

- *Are you aware of existing national or European lay version guidelines?*
- *Which ESPEN guidelines should be prioritised when developing patient versions?*
- *What is the potential impact of patient versions of guidelines on reimbursement of nutritional care?*
- *Are food- and nutrition-based dietary guidelines the way to go?*

16.55

Highlights and concluding remarks

Breakout 3:

Building Bridges from knowledge to impact

Interactive discussion about the impact of the campaign and how we can improve it
